HOME DEPARTMENT.
POLICE.

Indian Police Medal.

New Delhi, the 13th December 1933.

No. F. 114/XLI/33.—His Excellency the Viceroy and Governor General of India has been pleased to confer the Indian Police Medal on the following officers :

Name of officer and rank.	Statement of service for which the decoration has been conferred.
Madras.	
1. M.R.Ry. Sivasubrahmanian Pillai, Inspector of Police, Madras.	On the 1st May 1933, when following a bomb explosion a gang of armed terrorists was located in a house in Madras City, these two officers with a small party of police at once tackled the gang. A bomb was thrown as the police but the two officers with courage and devotion to duty continued to engage the terrorists until the arrival of reinforcements made it possible to rush the house and arrest the gang.
2. M.R.Ry. Rao Sahib Thirumpurum Subbarayya Ayyar Kalyana Sundaram Ayyar Avargal, Inspector of Police.	

N.B.—This award is made for gallantry under regulation 4 (2) of the regulations governing the grant of the Indian Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police.

KING'S POLICE MEDAL.

(Police.)

New Delhi, the 1st January 1934.

No. F.-25/III/33-Police.—His Majesty the KING, Emperor of India, has been pleased to confer the King's Police Medal on the following officers and men of the Indian Police establishments :—

Name of officer and rank and statement of services for which in part only the decoration has been conferred.

MADRAS.

* 1 Calavai Chengalvaraya Ayyar Duraiswami Ayyar, Sub-Inspector.—In 1931 Sub-Inspector Duraiswami Ayyar was placed on special duty to run down a gang of armed and desperate dacoits who were spreading terror in the South Arcot district. He laid his plans with unusual care and thoroughness and captured the leader of the gang after a personal encounter. The apprehension of the leader was followed up by the arrest of the other members of the gang. On the 27th October 1932 the leader and some of his gang escaped from jail and re-embarked on their criminal activities. Sub-Inspector Duraiswami was entrusted with the task of their arrest. On the 5th January 1933 he succeeded in rearresting the leader after the latter had wounded a police constable. The capture of another of the escaped dacoits was effected by a night raid culminating in a personal encounter in which the Sub-Inspector wounded the dacoit. On the 8th February 1933 the Sub-Inspector personally apprehended the third of the absconders and finally, on the 6th March 1933, most of his useless work were crowned with success when the last of the escaped dacoits was traced and brought to submission under the Sub-Inspector's revolver.

* 2 Narayanaswami Devika Gramani, Constable.—Marimuthu Padayachi, a powerful dacoit and a terror in the Tanjore and South Arcot districts, escaped from jail on the 27th October 1932. A special police party, including police constable Devika Gramani was detailed to capture the dacoit. On the 8th January 1933 the party traced the dacoit, who was armed with a big sword, and chased him across some fields into a village. Constable Devika who was armed only with a lathi, outdistanced his companions, overtook the dacoit and hit him on the head with his lathi. The dacoit turned on his assailant and cut him on the left shoulder with his sword. Deaf to the serious injury the constable got to grips with the dacoit and in the struggle that ensued both fell into a watercourse where the dacoit overpowered the constable and started cutting at him with his sword. Two villagers hurried to the constables' rescue and between them bore the dacoit to the ground, when with the help of other villagers he was secured. The constable displayed conspicuous gallantry and devotion to duty in hanging on to his man in spite of grievous wounds which all but proved fatal.

* 3 Perumiswami Jagarayar Arukaswami Pillai, Sub-Inspector.—On the 27th April 1933 Sub-Inspector Arukaswami Pillai was informed by one of his men that four strangers who appeared to be Punjabis or Bengalis were on the Erode Railway Station platform. The Sub-Inspector suspected that they might be concerned with the armed dacoity which had taken place at Ootacamund the previous day. He at once proceeded to the platform and had started to question them when one of the strangers thrust his hand into his pocket. Knowing that the revolver had been armed the Sub-Inspector suspected this movement and immediately tackled the man who had in fact succeeded in getting his hand to his revolver and fired at the Sub-Inspector through his own pocket. The Sub-Inspector though severely wounded in the abdomen retained his grip of the assailant and with the assistance of the most distressed and arrested him and one of his companions; and before he would submit to medical attention, arranged for the safe custody of the two arrested men and gave suitable instructions to his subordinates regarding the further action to be taken.

N.B.—The awards in the case of officers marked with an asterisk are for conspicuous gallantry (Gilbert under regulation 6 (a) of the Regulations governing the grant of the King's Police Medal. Officers of and below the rank of Inspector of Police only are eligible for the allowances sanctioned in the Home Department letter No. F. 25/V/32-Police, dated the 7th February 1933.

INDIAN POLICE MEDAL.

(Police.)

New Delhi, the 1st January 1934.

No. F. 114/XVIII/33-Police.—His Excellency the Viceroy and Governor General of India has been pleased to confer the Indian Police Medal, and in one case a bar to the Medal previously awarded, on the following officers :—

Name of officer and rank and statement of services for which in particular the decoration has been conferred.

MADRAS.

1 Mr. Lionel Bell Gamon, District Superintendent of Police.—Mr. Gamon has a record of 23 years of exceptionally good service. In the years 1931 to 1932 he pulled the difficult Tinnevelly district out of disorder and brought the crime of the district under much needed control. In the years 1932 and 1933 he rendered valuable service as Deputy Commissioner of Police in the City of Madras. From November 1930 to April 1933 his work as Assistant Inspector General of Police during a period of great stress was of exceptional merit.

2 M.R.Ry Rao Bahadur Madabhushi Srinivasa Ananta Acharya Avargal, Deputy Superintendent of Police.—This officer joined the Police department in March 1906 as a clerk in the office of the Inspector-General of Police. He became a probationary Sub Inspector the same year and served in that capacity in South Arcot till 1915 when he was promoted to the rank of Inspector. In 1924, he was specially selected to act as Deputy Superintendent of Police in the Kallar reclamation scheme in the Madura district and worked there for about three years. For another two years he was Kallar Special Officer in Tanjore district and then held charge of the subdivision for one year. In 1928 he was specially selected to be Assistant Commissioner of Police, Law and Order in the reorganized police force in Madras City. His work throughout his service has been of a very high order and in Madras City he has been indefatigable in dealing with the civil disobedience movement. When the movement was resumed in 1932 he had to bear the brunt of it, for all the more serious demonstrations took place in his charge. He continued to display unflagging devotion to duty and handled many difficult situations admirably.

3 M.R.Ry. Kilvidi Venkatachariyar Avargal, Inspector of Police.—This officer was enlisted as a Sub-Inspector and has a remarkable record of efficient and loyal service, having earned 71 good service entries and rewards, seven since 1929 when he was promoted to the rank of Inspector. He did good work in the non-co-operation movement of 1921-22. In 1926 he saved the life of another Sub-Inspector at the risk of his own. In 1926 he distinguished himself in the sensational Athangudi rioting case. During the civil disobedience movements of 1930 and 1932 he was Inspector of the Virudhunagar circle, a storm centre of civil disobedience, and rendered conspicuously good service throughout a period of prolonged stress and difficulty.

4 M.R.Ry. Annayagopuram Krishna Ayyar Subbayya Avargal, Inspector of Police.—This officer joined the Vellore Circle of the North Arcot district in May 1929, since when he has done consistently excellent work in connection with Hindu Muhammadan tension. In June 1930, during Muharram, serious communal rioting developed with sporadic fighting and assaults over a wide area. Mr. Subbayya's steadiness, coolness and good sense contributed to its speedy suppression and thereafter, for two years of continual communal bitterness, his quiet efficiency has been of public value. In 1931 it was largely by his efforts that Muharram passed off peacefully in a tense atmosphere. In August, however, on the Prophet's birthday, rioting again occurred and Mr. Subbayya once more distinguished himself in dealing with it. In 1933 all the usual occasions for rioting were passed without conflict. Mr. Subbayya's discretion, tact and courage during three years of strain and difficulty have been of great public value.

5 M.R.Ry Nataraja Chidambaram Mudaliyar, Sub-Inspector of Police.—Sub-Inspector Chidambaram Mudaliyar was in charge of the Erode police station when a communal armed disunity was committed at the Ootacamund bank on the 26th April 1933. He received telegraphic information of the occurrence and of the escape of the offenders and made arrangements for their interception should they

pass through his jurisdiction by road. On the night of the 27th April the Sub-Inspector received news of the affair at the Erode railway station when the Railway Police Sub Inspector was shot and two of the armed raiders were captured, the other two making good their escape along the railway line. Sub-Inspector Chidambara Mudaliyar at once organised a systematic drive of the country surrounding the railway line, and it was largely due to this organised search over a large area that the two fugitives, who had parted company, were separately captured within the next 12 hours. The Sub-Inspector's prompt, level-headed and energetic action was thus mainly responsible for the early arrest of these dangerous malefactors and throughout he displayed conspicuous ability.

6 M.R.Ry. Gopala Ayyangar Raghava Ayyangar Diwa Raja Ayyangar Avargal, Inspector of Police.—This officer joined the police in 1917 as a Sub-Inspector and rose to the rank of Inspector in 1924. Having served with merit in Madras City he was in 1929 specially selected for the post of Inspector in the newly formed Traffic Branch of the City Police. He has performed this arduous task, which brought him into contact with all sections of the public, with outstanding ability, energy and tact. He is held in high esteem by all classes and the success of the Traffic Branch is largely due to his efforts.

7 M.R.Ry. Lakshmayya Nayudu Nagabhushanam Nayudu, Sub-Inspector of Police.—In July 1932 this Sub-Inspector by his persistence, zeal and ingenuity succeeded in capturing a dangerous gang of offenders armed with fire-arms who lurked in the Paramakudi Hills, Ramnad district, and were a terror to the people of the surrounding country.

8 Syed Wahabu Hussain, Sub-Inspector of Police.—This officer has rendered prolonged service in north. Throughout 1930, 1931 and 1932 he was on intelligence duty in Madura Town, a political storm centre, and his work in countering and forestalling every move of the supporters of the civil disobedience movement was invaluable.

9 M.R.Ry. Kizhakkepatt Achutha Menon, Sub-Inspector of Police.—This officer is the Sub Inspector of Chowghat police station in the limits of which the Guruvayur temple-entry campaign was conducted from November 1931 to the end of 1933. The Sub-Inspector's tact and efficiency throughout a period of constant difficulty and strain have been of immense value.

10 Mr. Stanley Cullen Wattis Charge Sergeant; 11. Mr James Henry Gray, Sergeant; 12. Mr John Daniel Conway, Sergeant, 13 Mr Joseph Henry Scanlon, Sergeant; 14. Mr. Frank Herbert Wilson, Sergeant, and 15. Paruplatti Munuswami Narayanaswami Nayudu, Havildar Major.—These officers took part in the operations against the hill tribes in the Kalyanasungapur valley of the Vizagapatam Agency in January and February 1933. The operations involved camp life and hard marching day and night in very difficult country, and these officers rendered consistently good and ungrudging service in the face of all difficulties and inconveniences. The fine spirit of all six officers kept up the hearts of the men under their command and materially contributed to the complete success of the operations which have, it is hoped, ended a situation that has constituted a menace for several years.

The award to Charge Sergeant Wattis is a bar to the medal bestowed upon him in 1932 for gallantry

16 Muhammad Sayid Rahmatulla Sayid Usman Saheb Bahadur, Inspector of Police, Madras City.—This officer joined the police as a Sub-Inspector in 1906 and was promoted to the rank of Inspector in 1923. In 1927 he was selected for the charge of the Octacamund Circle where he did excellent work. In 1929 he was transferred to Madras City, where his work in the Crime Branch has been of outstanding merit, alike for his personal detection of important cases and his careful and strict supervision of his subordinates.

17 M.R.Ry. Jaragamalli Suryanarayana, Sub-Inspector of Police.—Sub Inspector Suryanarayana distinguished himself throughout the civil disobedience movement in Guntur Town in 1930. His

intelligence system was well organised and in spite of an extremely hostile public, the Sub-Inspector succeeded in collecting accurate information with which to counter the movement. Frequently he had to disperse hostile mobs and unlawful assemblies. His indefatigable work and high character secured the effective co-operation of his subordinates throughout a very critical period and contributed to the defeat of the movement in one of the worst affected areas.

18 M.R.Ry Kancherlapuram Ramaswami Ayyangar Srinivasa Ayyangar Avargal, Inspector of Police.—This officer was enlisted as a Sub-Inspector in 1907. He quickly earned promotion to Inspector's rank and has an admirable record of meritorious service. He has repeatedly distinguished himself in dealing with communal disturbances and was specially selected in 1931 for charge of the factious and troublesome Aruppukkottai Circle. He could always be relied on to deal effectively on his own initiative with any trouble that arose in that difficult charge and by his energy, outstanding ability and high personal character he has earned a deservedly high reputation among both his officers and the general public.

19 Mr. Frederick Lewis Underwood, District Superintendent of Police.—Mr. Underwood joined the Kistna district as District Superintendent of Police in September 1931. The district was then a prey to wandering criminals and criminal gangs and all efforts to check their depredations had failed. The figures of grave crime in the district, 775 in 1928, 1,057 in 1929 and 1,313 in 1930, illustrate the increase in crime. In addition many offences were not coming on record. Mr Underwood tackled his task with unusual vigour and ability. His drive, the example of his untiring personal energy, and his patience and persistence infused new life into his subordinates. Wandering criminal gangs were hunted down and broken up, numerous individual fugitives from justice were captured, and the active co-operation of villagers throughout the district was elevated. The degree of Mr. Underwood's success can to some extent be measured by the figures of grave crime, 1,381 cases in 1931 and 837 cases in 1932. In addition to his campaign against crime Mr Underwood handled with success the difficult problems arising from the resumption of the civil disobedience movement in 1932. His two years' work in this difficult district has been of outstanding merit.

20 Mr. William Francis Alfred Hamilton, M.B.E.—Sri Hari Dora, a self-appointed priest and a menace to the public safety in the wild and inaccessible country of the Vizagapatam Agency, escaped from Bellary jail in November 1931 and gathered a following of hillmen in the Agency tracts. He built a large fort at Kunchampatti and rest-houses in 17 villages in the neighbourhood, over which he and his men terrorised. In June 1932 Mr. Hamilton made a forty-mile march at night in very difficult country with a platoon of the armed reserve, but was unable to surprise and arrest Sri Hari Dora. Another all night march with two platoons of the armed reserve in September 1932 effected the demoralization of Dora's followers who eventually, on the 10th September 1932, forsook Dora and betrayed him to the police. Mr Hamilton's energy and ability were undoubtedly responsible for the capture of this dangerous offender.

In January and February 1933, Mr Hamilton was second in-command under Mr. Anna Saheb, the District Superintendent of Police, in the operations against the Khonds in Kalyanasingapur in the Vizagapatam Agency. He was indefatigable throughout and rendered excellent service. In direct command of one column or other of the operations every day, his tireless and ungrudging energy was a fine example to the officers and men under him. He was in direct charge of the camp at Sikarapal where the arrangements could scarcely have been bettered. In particular his special measures for safeguarding the health of the force in a malaria stricken country were extraordinarily successful.

No. 619-E.—The following Royal Warrant amending the Royal Warrant for the institution of the Kaisar-i-Hind Medal, which was published with the notification by the Government of India in the Home Department, No. 1257, dated the 11th May 1900, is published for general information :—

GEORGE R.I.

GEORGE THE FIFTH, by the Grace of God, of Great Britain, Ireland and the British Dominions beyond the Seas, King, Defender of the Faith, Emperor of India, to all to whom these Presents shall come :

GREETING !

WHEREAS Her late Majesty Queen Victoria did by Warrant under Her Royal Sign Manual, bearing date the tenth day of April, One thousand nine hundred, in the sixty third year of Her Reign, institute and create a decoration to be styled ' The Kaisar-i-Hind Medal for Public Service in India," and did make certain Rules and Ordinances for the government of the same :

AND WHEREAS by the said Royal Warrant power was reserved to Us of amending and altering the said Rules and Ordinances or any part thereof by a Notification under Our Royal Sign Manual :

AND WHEREAS His late Majesty King Edward the Seventh did by Warrant under His Royal Sign Manual bearing date the eighth day of July, One thousand nine hundred and one, make alterations and amendments in the Fourth and Sixth Rules of the said Rules and Ordinances :

AND WHEREAS the Seventh Rule was altered and amended by Warrant under Our Sign Manual bearing date the ninth day of July, One thousand nine hundred and twelve :

AND WHEREAS We desire to make certain further alterations and amendments in the said Rules and Ordinances :

NOW KNOW YE that We do by these Presents for Us, our Heirs and Successors, make the following alterations and amendments in the said Rules and Ordinances, that is to say :—

1 For the Third Rule the following shall be substituted : "Thirdly—It is ordained that there shall be three classes of the Decoration to be styled respectively 'The Kaisar-i-Hind Medal of the First Class for Public Service in India', 'The Kaisar-i-Hind Medal of the Second Class for Public Service in India' and 'The Kaisar-i-Hind Medal of the Third Class for Public Service in India.'"

2 In the Fifth Rule, after the words "of the Second" shall be added the words "and the Third"; and in the Ninth Rule and the proviso thereto, after the words "of the Second" shall be added the words "or the Third."

3 In the Fifth Rule and in the Ninth Rule and the proviso thereto, for the words "Our Governor-General" shall be substituted the words "Our Viceroy and Governor-General."

4 In the Sixth Rule, after the words "First Class" shall be omitted the word "and," and after the words "Second Class" shall be added the words "and in bronze for the Third Class."

5. In the Seventh Rule, for the words "Medal of either Class" shall be substituted the words "Medal of one of these Classes"; and for the words "Foreign Department" shall be substituted the words "Foreign and Political Department."

6. In the Eighth Rule, for the words "either of the Medals" shall be substituted the words "one of the Medals."

Given at Our Court at Saint James's the Second day of November, One thousand nine hundred and thirty-three, in the Twenty-fourth year of Our Reign.

By His Majesty's Command.

SAMUEL HOARE,

KAISAR-I-HIND MEDAL.

ROYAL WARRANT of 16th April 1900, instituting the Kaisar-i-Hind Medal as amended by Royal Warrants of 9th July 1901, 9th July 1912, and 2nd November 1933.

WHEREAS We, taking into Our Royal consideration that there do not exist adequate means whereby We can reward meritorious and useful services rendered to Us in Our Indian Empire in the advancement of the public interests of Our said Empire, and taking also into consideration the expediency of distinguishing such services by some mark of Our Royal favour : Now for the purpose of attaining an end so desirable as that of thus distinguishing such services as aforesaid, We have instituted and created, and by these presents for Us, Our Heirs and Successors, do institute and create a new Decoration—to be designated as is after described,—and We are graciously pleased to make, ordain, and establish the following Rules and Ordinances for the government of the same which shall from henceforth be invariably observed and kept.

Firstly.—It is ordained that this decoration shall henceforth be styled and designated "The Kaisar-i-Hind Medal for Public Service in India."

Secondly.—It is ordained that any person without distinction of race, occupation, position, or sex, shall be eligible for this Decoration who shall have distinguished himself (or herself) by important and useful service in the advancement of the public interest in India.

Thirdly.—It is ordained that there shall be three classes of the Decoration to be styled respectively "The Kaisar-i-Hind Medal of the First Class for Public Service in India", "The Kaisar-i-Hind Medal of the Second Class for Public Service in India" and "The Kaisar-i-Hind Medal of the Third Class for Public Service in India."

Fourthly.—It is ordained that awards of the Medal of the First Class shall be made by Us, Our Heirs and Successors, and such awards shall only be made on a recommendation to Us by Our Secretary of State for India.

Fifthly.—It is ordained that awards of the Medal of the Second and the Third Class shall be made by Our Viceroy and Governor-General of India for the time being.

Sixthly.—It is ordained that the medal shall consist of an Oval shaped Badge or Decoration—in gold for the First Class, in silver for the Second Class and in bronze for the Third Class—with the Royal Cypher of Ourselves, Our Heirs, and Successors on the centre on one side and on the reverse the words "Kaisar-i-Hind for Public Service in India," and that it shall be suspended on the left breast by a dark blue ribbon.

Seventhly.—It is ordained that the names of those persons to whom a Medal of one of these Classes may be awarded shall be published in the "Gazette of India," and in the Gazette of the Local Government under the jurisdiction of which the service was rendered, and shall be entered in all Civil and Official lists, and that a registry of such names shall be kept in the Office of the Foreign and Political Department of the Government of India.

Eighthly.—It is ordained that if any one, after having received one of the Medals again renders such service as, if he had not received such Medal, would have entitled him to it, such further service shall be recorded by a bar attached to the ribbon by which the Medal is suspended; and for every such additional service an additional bar may be added.

Ninthly.—In order to make such additional provision as shall effectually preserve pure this Honourable Decoration it is ordained that if any person on whom the Medal of the First Class is conferred be guilty of any crime or disgraceful conduct which in Our judgment disqualifies him for the same, his name shall, by an especial Warrant under Our Sign Manual, to be countersigned by one of our Principal Secretaries of State, be forthwith erased from the list of those upon whom the said Decoration shall have been conferred, and his Medal forfeited and returned to Us, Our Heirs and Successors; and in the case of those who have been awarded Medals of the Second or the Third Class, such erasure of their names from the lists of those upon whom the said Decoration shall have been conferred and forfeiture of their Medals shall be effected under the Order of Our Viceroy and Governor-General of India for the time being, to whom their Medals shall be returned. And every person to whom the said Medal is given shall, before receiving the same, enter into an engagement to return the same if his name shall be erased as aforesaid.

Provided that We, Our Heirs and Successors, shall at all times have power to restore the medal of the First Class to any person who may have been deprived of it when circumstances render such restoration just and expedient, and that in like circumstances Our Viceroy and Governor-General of India for the time being shall have power by his Order to restore the Medal of the Second or the Third Class to any person who may have been deprived of it.

Lastly.—We reserve to Ourselves, Our Heirs and Successors, full power of annulling, altering, abrogation, augmenting, interpreting or dispensing with these regulations or any part thereof by a Notification under Our Royal Sign Manual.

Fort St. George, January 3, 1924.

No. 3.—Investitures are now held in England twice a year, generally early in February and early in July. Gentlemen on whom any order or decoration has been conferred but who proceed on leave to England before receiving their insignia and are desirous of receiving them at these investitures should, on arrival in England, report in writing to the Secretary and Registrar of the Central Chancery of the Orders of Knighthood, St. James Palace, London, S.W. 1.

Jumab Mohammad Mahaboob Ali Sahib Bahadur—Bezwada in the district of Kistna.

NOTIFICATIONS

Fort St. George, December 5, 1933
[*G. O. No.* 3043. *Law (General)*.

No. 73.—In exercise of the powers conferred by section 9 of the Cinematograph Act, 1918 (IX of 1918), and in supersession of all previous rules on the subject except to the extent specified in sub-rule (2) of rule 2, the Governor in Council is hereby pleased to issue the following rules for the regulation of cinematograph exhibitions in the Presidency of Madras.

Rules under the Cinematograph Act, 1918.

PART I—GENERAL.

1 These rules may be called the Madras Cinematograph Rules, 1933.

2 (1) These rules shall apply to all cinema premises in the Presidency of Madras which come into existence after the date of issue of these rules.

(2) These rules, except rules 37 and 38 and sub-rules (3) to (11) of rule 43, shall apply to all cinema premises existing in the Presidency of Madras on the date of issue of these rules, on the expiry of a period of one year from the said date during which period they shall continue to be governed by the rules in force on the day immediately preceding the said date.

(3) Rules 37 and 38 and sub rules (3) to (11) of rule 43 of these rules shall apply—

(a) to all cinema premises existing in the City of Madras on the date of issue of these rules, from such date as may be notified in that behalf by the Local Government; and

(b) to all cinema premises existing on the date of issue of these rules, in any mofussil town which is specially notified in that behalf by the Local Government, to such extent and from such date as may be specified in the notification.

3 In these rules, unless there is anything repugnant in the subject or context—

(a) 'auditorium' means the portion of the licensed place in which accommodation is provided for the public to view the cinematograph exhibition; and

(b) 'enclosure' means the portion of the licensed place in which the cinematograph apparatus is erected.

4. No person other than a company or association shall be entitled to obtain or hold any license under the Act unless such person has attained the age of 20 years.

5. If any question arises as to the interpretation of these rules otherwise than in connexion with a prosecution for an offence, the question shall be referred to the Local Government whose decision shall be final.

6 These rules, printed in large type, together with the name and address of the licensee affixed thereto, shall be kept during public entertainment always posted in some conspicuous place at the principal entrance at a height of not more than 6 feet from the floor so that all persons entering the licensed premises may be acquainted with them and any breach of these rules should be at once be reported to the licensing authority.

7. (1) Every cinematograph installation shall be inspected when first erected, and thereafter at least once in every year—

(a) by the licensing authority or an officer deputed by him; and

(b) by the Electrical Inspector or any officer deputed by him.

For the inspection under clause (b) of an installation when first erected, a fee of one hundred rupees shall be paid in advance by the applicant for the license, and for each subsequent annual inspection, a fee of fifty rupees shall be paid in advance by the licensee.

The Electrical Inspector or the officer deputed by him shall certify to the licensing authority that the installation fulfils the requirements of these rules.

(2) The licensing authority, the Electrical Inspector or any officer deputed by either in that behalf or any police officer specially deputed to keep order in the premises may, at any time, enter and inspect the premises and plant.

8. The licensee shall comply with such of the provisions of the Indian Electricity Act, 1910, and of the rules made thereunder as are applicable to the premises. In cases where the notice referred to in section 30 of the said Act has to be given to the District Magistrate or the Commissioner of Police, no licence shall be granted until such notice has been given and the licensing authority has informed the Electrical Inspector of the decision to issue the licence.

9 (1) The Electrical Inspector or any officer deputed by him, inspecting an installation under rule 7, shall, if he discovers any defect therein, issue written orders, to the owner or person in charge, for their rectification and prescribe a reasonable time within which such orders should be carried out.

(2) If in the interval between two such inspections, any further inspection shall, in the opinion of the Electrical Inspector or the officer deputed by him, have become necessary owing to the neglect or failure of the owner or person in charge to carry out any written orders of such officer issued under sub-rule (1), within the time prescribed by him, a fee of fifty rupees shall be charged for such further inspection and such fee shall be paid by the licensee on demand by the Electrical Inspector.

Provided that in the case of travelling cinematographs shown, the fee chargeable for any inspection shall be one-half the fee prescribed above.

PART II—LICENCES.

10. No licence shall be granted under the Act in respect of any building unless—

(i) such building has a road frontage on the public thoroughfare upon which the site of such building abuts;

(ii) there are suitable means of entrance and exit for the public in such frontage; and

(iii) in addition, there are reserved for service in case of emergency, entrances and exits opening on two separate and distinct passages leading either in the said public thoroughfare or to other suitable thoroughfares and such passages are not less than 3 feet in width.

11. Every application to the licensing authority for a licence under section 3 of the Act shall be in writing and shall be accompanied by—

(i) complete plans, elevations and sections in duplicate of the premises and of all erections or buildings thereon, drawn correctly to a scale of one-eighth of an inch to a foot and showing the position of the electrical machinery and cinematograph apparatus; and

(ii) a block plan in duplicate on a separate sheet showing the position of such premises in relation to any adjacent premises and to the public thoroughfare upon which the site of such premises abuts, drawn to a scale of not less than one-fortieth of an inch to a foot.

The cardinal points shall be marked on such drawings. All drawings shall be coloured to distinguish the material employed in the construction of buildings and sections.

The width of all staircases and the number of steps in each, the width of corridors, gangways and doorways together with the height of any galleries or tiers in such premises and in any of the erections or buildings on the same therewith as are more than one tier of high shall be indicated on such drawings as well as the floor and roof constructions and the details of any intended gas or electric installation. The thickness of the walls and coverings of the various materials used shall be clearly shown on such drawings by figured dimensions.

12. The licensing authority shall forward the application, plans and drawings and other connected papers to the Electrical Inspector who shall examine them and, if necessary, inspect the buildings and plant. If the Electrical Inspector is satisfied that a licence may issue, he shall forward to the licensing authority a certificate as to the suitability of the enclosure and the plant.

13. On the receipt of such certificate, if the licensing authority is satisfied that the other requirements of these rules are fulfilled, he shall issue to the applicant a licence in Form A annexed to these rules, signing and dating it before issue. A copy of the plans and drawings referred to in rule 11 shall be attached to the licence. The Electrical Inspector's certificate shall also be delivered to the applicant along with the licence.

14. For every licence, when granted or renewed, a fee shall be charged according to the scale laid down, below:—

For an annual licence.—Rupees five for an area of 1,000 square feet or less with an additional fee of Rs. 2½ for every 500 square feet or fraction thereof in excess of 1,000 square feet.

For a temporary licence for a period not exceeding three months for a building thatched or constructed of wood or mats or other inflammable materials or for a tent.—Rupees five for a period of three months or for a portion thereof for an area of 1,000 square feet or less with an additional fee of Rs. 2½ for every 500 square feet or fraction thereof in excess of 1,000 square feet.

For a temporary licence for a period not exceeding three months for a building not thatched nor constructed of inflammable materials.—Rupee one for a month or for a portion thereof for an area of 1,000 square feet or less with an additional fee of annas 6 for a month or for a portion thereof for every 500 square feet or fraction thereof in excess of 1,000 square feet.

Annual licences shall be granted only in respect of buildings which are not constructed of inflammable materials. The fees for temporary licences shall be leviable at half of the above rates, where the buildings or enclosures are used solely by day and without lights.

Explanation.—Where the roof, side walls, galleries and staircases of the building are made of non-inflammable materials, the building shall, for the purposes of this rule, be considered to be a non-inflammable structure. Where the place consists partly of a structure and partly of a more untenable consistence, the fee shall be calculated on the area of the structure alone.

Duplicate of a licence may be granted on payment of a fee of Re. 1.

15. No subsequent addition or alteration shall be made to premises in respect of which a licence has been granted or any part thereof, without the sanction of the licensing authority being obtained therefor and the plans and drawings relating to such addition or alteration being approved by him.

16. The licensee shall give notice in writing to the licensing authority of his intention to add to or alter the licensed premises or any portion thereof and such notice shall describe clearly the intended additions or alterations and be accompanied by complete plans, elevations and sections and block plan and specifications of the work proposed to be executed, drawn up in duplicate in the manner required by rule 11. The licensing authority shall, before according sanction to the proposed addition or alteration, follow as far as may be the procedure laid down in rules 12 and 13.

17. No addition to or alteration of any part of the electric installation or of the apparatus for the production of any other illuminant or use in the lantern shall be made without the sanction of the licensing authority being obtained therefor. The licensee shall notify in writing his intention to make such addition or alteration to the licensing authority who shall communicate the notice to the Electrical Inspector. The licensing authority shall not accord his sanction for the addition or alteration unless the Electrical Inspector or the officer deputed by him certifies that the alteration or addition fulfils the requirements of these rules.

18. The licence and the plan and description attached thereto shall be produced on demand by any police officer not below the rank of Sub-Inspector or by the licensing authority or by any person authorised by him or by the Electrical Inspector or by any person authorised by him.

19. The licensee, his servants and agents shall comply with all orders issued by the Electrical Inspector, the licensing authority or police officers acting on their behalf from time to time or as occasion arises, for the safety or convenience of the public or for the preservation of order or of the public peace. The licensing authority may if special circumstances so require, impose safeguards in addition to those laid down in these rules.

PART III—ENCLOSURE.

20. The cinematograph apparatus shall be placed in an enclosure of substantial construction, made of, or lined internally with, fire resisting material, and of dimensions sufficient to allow the operator to work freely.

21. The entrance shall be outside the auditorium.

22. The door of the enclosure, and all openings, hatches and parts shall be so constructed and maintained as to prevent, so far as possible, the escape of any smoke into the auditorium. Ventilation shall be provided for the enclosure, but the ventilation ducts shall not communicate direct with the auditorium. The area of the ventilating ducts shall not be less than one per cent of the floor area of the enclosure.

Explanation.—By 'hush' in recent packing inserted in the holes through which the pipes and rubber pass in order to render such holes reasonably smoke-proof.

23. The openings in front of the enclosure shall not be larger than is necessary for effective projection and observation. No such opening shall exceed 6 inches square.

24. Each opening shall be provided with a plate glass screen not less than 3/16th of an inch in thickness fixed in panel or with a smoke-tight joint.

25. No unauthorised person shall be allowed to enter the enclosure.

26. Smoking shall not be permitted within the enclosure.

27. No inflammable article shall unnecessarily be taken into, or allowed to remain in, the enclosure.

28. Lanterns shall be placed on firm supports constructed of fire resisting material and shall be provided each with a metal shutter which can be readily inserted between the source of light and the film gate.

Where the electric pressure in the enclosure exceeds 125 volts, all metal supports of the lantern shall be connected to the earth.

29 Cinematograph projectors shall be fitted with two metal film boxes of substantial construction to and from which the film shall be caused to travel. The film boxes shall be made to close in such a manner and shall be fitted with a film slot so constructed as to prevent the passage of flames to the interior of the box.

30 Films shall be wound upon spools in such a manner that the second film shall not at any time reach or project beyond the edges of the flanges of the spool. The rewinding of films shall not be carried out in the enclosure while an exhibition is in progress.

31. All films, when not in use shall be kept in separate closed metal boxes. The metal boxes shall be of substantial construction, the plate used being not less than .022 of an inch in thickness. Each box shall have a hinged cover secured by hasp and staple. A rack shall be provided for storing the closed metal boxes without piling. Films shall not be stored in any part of a building which is at a lower level than any other part thereof used for residential purposes.

32 Cables for cinematograph lamps shall be taken as separate circuits from the supply side of the main fuses in the general lighting circuit.

33. An efficient double pole switch shall be fitted within the enclosure in the cinematograph lamp circuit.

34 Within the enclosure the insulating material of all electric cables, including those leading to illuminating lamps, shall be covered with fire resisting material. Where the electric pressure exceeds 125 volts, all cables shall be enclosed in screwed metal conduits connected to the earth. Lead covered cables shall not be used unless enclosed in such conduits.

35. All resistances, with the exception of a resistance for regulating purposes, shall be placed outside the enclosure and, if reasonably practicable, outside the auditorium. If placed inside the auditorium, such resistances shall be protected by an earthed wire guard or other efficient means of preventing accidental contact.

36 (1) The enclosure shall be in the charge of a competent operator who shall be not less than 18 years of age, and shall be present in the enclosure during the whole time the machine is being operated.

(2) The operator shall satisfy himself before the commencement of each performance, that all cables, leads, connexions and resistances as also the fire extinguishing appliances in the enclosure are in proper working order.

(3) Such number of persons as may be necessary shall be specially appointed to be in charge of the fire extinguishing appliances in the auditorium during every performance.

PART IV—BUILDING.

37 All such premises shall be in direct communication with the nearest fire Brigade station by telephone which shall be fitted in such place and manner as the licensing authority may direct. The installation and maintenance of the complete telephone connexion shall be carried out at the cost of the licensee.

38. (1) The following fire extinguishing appliances shall be provided :—

In the enclosure.—A bucket of dry sand and a portable fire extinguisher of a pattern approved by the licensing authority.

In the auditorium.—Six buckets of water and four portable fire extinguishers of a pattern approved by the licensing authority.

(2) These appliances shall be so disposed as to be readily available for use. The buckets shall have round bottoms and handles and shall be capable of holding at least two gallons of water. They shall be painted red with the word 'Fire' painted on them in large black letters in English and the local vernacular.

(3) The portable fire extinguishers shall be of the two-gallon size; they shall be installed at an adequate height from the ground. A record regarding the maintenance of portable extinguishers shall be kept. Tetrachloride extinguishers shall not be permitted in the enclosure.

(4) Where a portable fire extinguisher of the chemical combination pressure type is older than five years or has not been tested previously, it shall be tested by hydraulic pressure by the Electrical Inspector or by an Engineering firm or mill authorised in this behalf by the licensing authority, to show that it can withstand for one minute a pressure of 250 lb. per square inch and a certificate of such test shall be submitted to the licensing authority. Similar tests shall be repeated every two years thereafter.

(5) In addition to the requisite rate of sub-rule (1), there shall be provided such other incidence for fighting fire as may be required by the licensing authority.

39 The floor, roof, private boxes, balconies, galleries, stairs, partitions, and every room, lobby, corridor and passage intended for the use of the public shall be constructed of fire resisting materials.

40 The premises shall be enclosed with proper external or party walls of brick or stone. This rule shall not apply to buildings in respect of which temporary licenses are granted.

41 Where the first tier or balcony extends over the pit or stalls, the height between the floor of the pit or stall and such tier or balcony shall not, in any part, be less than 10 feet; the height between the floor of the highest part of the gallery and the lowest part of the ceiling over the same shall not, in any part, be less than 12 feet. The height between any tier and the tier or ceiling above it shall, in no case, be less than 8 feet.

42. (1) No passage, gangway or corridor shall be used as a cloak-room and no pegs for hanging hats, cloaks, etc., shall be allowed there; nor shall any such passage, gangway or corridor be used for storage purpose or for any purpose whatever except for exit and entrance from and to the auditorium.

(2) There shall be no recesses or projections in the walls of such passages, gangways or corridors within 6 feet of the ground; lights shall be not less than 6 feet 3 inches above the ground.

(3) No corridor leading to any staircase communicating with any exit shall be less than 4 feet in width in any part thereof.

(4) Where possible, gradients or inclined planes shall be used instead of steps; but no gradient or inclined plane shall be steeper than 1 in 10.

43. Where cloak-rooms are provided, they shall be so situated that the use of them shall not obstruct the free use of any exit.

44. (1) All outside doors for the use of the public shall be made to open outwards and all internal doors shall be so fitted as not to obstruct, when open, any gangway, passage, stairway or landing. Such doors, when open, should engage on an automatic spring.

(2) The use of the doorways shall not be less than 7 feet by 5 feet, the width being measured between the leaves of the door in the open position.

45. (1) All staircases shall be constructed entirely of stone, cement or concrete with fire-retaining roof and ceiling and shall have solid square (as distinguished from spandrel) steps and landing of approved stone or of such other fire-resisting material and construction as may be approved by the licensing authority with treads not less than 11 inches wide and with risers not more than 6 inches high (each lapping at least 1 inch over the back edge of the step below it) in flights of not more than 15 or less than 3 steps.

(2) The floors of all landings shall be 6 inches thick.

(3) Every staircase forming an exit from an upper gallery or tier of the auditorium shall be enclosed on both sides with walls of brick or of fire resisting materials in the storeys through which it passes, and no openings shall be made into the auditorium except the one required for exit from the gallery or tier which it serves.

Provided that staircases leading to the first or lower gallery or tier may be left open on one side, in which case the open side shall be provided with extra steel handrails and balusters, but in no case shall staircases be left open on both sides.

(4) All enclosed staircases shall have on both sides strong handrails firmly secured to the wall by strong metal brackets about 3 inches clear therefrom and about 3 feet above the steps, but such handrails shall not run on level platforms and landings where the length of such platform or landing exceeds the width of the stairs.

(5) Where the flight of steps returns upon itself, the inner well shall be closed so as to allow the handrails to turn without projecting over the landing.

(6) The treads and risers of steps on each flight shall be of uniform width and height.

(7) Each flight of steps shall be properly supported and enclosed to the satisfaction of the licensing authority.

(8) No staircases shall have more than two flights of 16 steps without a turn and the width of the landing between such flights shall be at least the same as the width of the staircase.

(9) There shall be at least two staircases each not less than 4 feet wide to provide access to any gallery or upper floor.

(10) Stairs turning at an angle shall have a proper landing, winkled winders being prohibited at the turn.

(11) There shall be no recession or projection in the walls of such staircases within 6 feet of the floor and no fittings for lighting shall be at least 6 feet 8 inches above the steps or landing.

46 (1) The electric lighting of the premises shall have at least three separate and distinct mains circuits as follows :—

(a) for the enclosure and thence through a dimming regulator to the central lighting of the auditorium;

(b) for approximately one-half of the auditorium, passage ways, stairways, exits and parts of the building open to the public; and

(c) for the remaining half of the auditorium, passage ways, stairways, exits and parts of the building open to the public.

The control of the circuits in respect of the two halves of the said domain referred to in clauses (b) and (c) shall be remote from each other.

(3) The general lighting of the auditorium shall be capable of control from inside the enclosure and also from outside and away from the enclosure. A competent person shall be appointed to be present and to be in charge of the general lighting while the public are on the premises.

(3) A plan (in single line) of the wiring shall always be kept in a prominent place in the office of the manager. The plan should conform, as far as may be, to the model wiring diagram appended to these rules.

(4) Whenever required by the licensing authority or a police officer not below the rank of Sub Inspector, a sufficient number of approved oil or candle lights shall be provided for use in case of failure of the electric lighting in the auditorium, gangways, passages and exits. These lights shall be kept burning during the whole time the public are on the premises.

(5) Whenever any illuminant other than electricity is used for the lantern, its use and the apparatus for its production shall be subject to the approval of the licensing authority.

(6) Ordinarily, no open or naked lights shall be allowed, but if the nature of the performance or exhibition absolutely necessitates the use of naked lights, this fact shall be mentioned when application is made for a licence.

47. (1) No building shall be used for cinematograph exhibitions to which the Act applies, unless it is provided with an adequate number of clearly indicated exits so placed and maintained as readily to afford the audience ample means of safe egress, and with a passage 3 feet in width for every ten rows of seating accommodation. By 'adequate' is meant a linear foot of exit way for 500 square feet of sitting space inside.

(2) (a) The number of persons admitted into any part of the auditorium, shall not exceed the number prescribed in the licence for that part of the auditorium.

(b) Not more than 33 persons per 100 square feet shall be accommodated in the building. The entrances, gangways, stage, staircases, etc., should be deducted before calculating the area available, provided that the licensing authority may, from time to time, vary the number of persons to be admitted into the building or any part thereof.

(3) A common place of egress may serve as the exit for the floor and the first tier of the auditorium, provided the capacity of such place of egress is equal to the aggregate capacity prescribed by these rules for the necessary outlets from such floor and tier.

(4) If the floor or any tier of the auditorium is divided into two or more parts, separate exits as prescribed in the rules shall be provided for each such part.

(5) All doors shall open outwards and shall be distributed round the hall and not merely at one end or side.

(6) All the top and bottom bolts of exit doors shall be capable of operation from one central handle on each pair of doors.

(7) The words "No Exit" shall be painted over all doors or openings which are in sight of the audience but which cannot be used as exits.

(8) A notice shall be clearly painted on the exit doors indicating the method of opening.

(9) Each exit not so shall be illuminated by a light; such lights shall be kept burning during the whole time the public are on the premises.

(10) The public may leave at the end of a performance or exhibition by any exit door.

(11) No chair or other obstruction shall be placed in any passage, gangway or staircase.

(12) No person shall be permitted to sit or stand in any gangway intersecting the seating or to sit in any gangway or between the screen and the barrier referred to in rule 42.

48. The following provisions shall be observed in providing seating accommodation:—

(a) Chairs shall be battened together in complete lengths.

(b) In all cases there shall be an intervening space of at least one foot between the back of one seat and the front of the seat immediately behind measured between perpendiculars.

(c) The gangways shall be not less than 3 feet in width and shall be so arranged that no seat shall be more than 10 feet from a gangway.

(d) The angle of elevation subtended at the eye of any person seated in the row nearest to the screen by the length of the vertical line dropped from the centre of the top edge of the picture to the horizontal plane passing through the observer's eye, shall not exceed 35 degrees, the height of the eye of the person so seated being 3 feet 6 inches above the floor level. A strong barrier or other efficient partition shall be provided to enforce this provision.

(e) The angle between the vertical plane containing the upper edge of the picture and the vertical plane containing the observer's eye and the remote end of the upper edge of the picture, shall not be less than 25 degrees. A strong barrier or other efficient partition shall be provided to enforce this provision.

49. Whenever required by the licensing authority, sufficient and approved artificial means of ventilation shall be provided. Guards shall be provided for ceiling fans with less than 7 feet clearance; the height between the guard and the floor shall not be less than 6 feet 6 inches.

PART V—TRAVELLING CINEMATOGRAPH SHOWS.

50. The rules in this part shall apply only to travelling cinematograph shows.

51. In this part—

(a) 'building' shall include any booth, tent or similar structure; and

(b) 'travelling cinematograph show' shall mean an outfit comprising cinematograph apparatus and plant taken from place to place in the Presidency of Madras for giving cinematograph exhibitions.

52. The licensing authority may refuse a licence if, in his opinion any portion of the building is dangerously near to any other building.

53. In every pandal constructed of inflammable materials, there shall be on each side an aperture at least 7 feet high and 18 feet wide. The aperture may be closed by tatties fixed on a split bamboo frame and fastened by twine on the inside.

54. Doors and apertures not ordinarily in use may be made of or covered or closed by coir, screen or similar material which can be removed by a slight pressure from inside the building.

55. No external lensing shall be allowed within a distance of 10 feet from the building.

56. No building constructed of inflammable materials shall be licensed for a period longer than four months at a time.

PART VI—SPECIAL PROVISIONS IN THE CASE OF CERTAIN CINEMATOGRAPH EXHIBITIONS.

57. The rules in this part shall apply to—

(a) cinematograph exhibitions given in schools or halls for occasional public use.

(b) cinematograph exhibitions given in the open air or in pandals where the sides cannot be enclosed; and

(c) cinematograph exhibitions given in any place with an enclosed hand projector with films not greater in width than 16 millimetres.

58. (1) In the case of cinematograph exhibitions given in schools or halls for occasional public use, the following provisions shall apply, namely —

(a) Where it is not practicable to have a fireproof enclosure, a clear space of 6 feet shall be sealed off all round the cinematograph apparatus.

(b) No drapery or unprotected combustible material, other than that composing the floor, shall be within 6 feet of the apparatus.

(c) The following fire extinguishing appliances shall be provided near the enclosure —

(i) two portable fire extinguishers in accordance with rule 33,

(ii) one blanket, and

(iii) three buckets of water with one large sponge in one of the buckets.

(d) Two hurricane lanterns burning oils shall be placed near the lantern.

(2) In the case of cinematograph exhibitions given in the open air or in pandals where the sides cannot be enclosed, the provisions contained in clauses (a) and (b) of sub-rule (1) and rule 55 shall apply.

59. Save as provided in rule 58, the rules contained in Parts II, III, IV and V shall not apply to any cinematograph exhibitions to which this part applies:

Provided that the licensing authority may, in consultation with the Electrical Inspector, apply to any such exhibition such of the rules contained in the said parts and with such modifications as he may consider necessary.

PART VII—CERTIFICATION OF FILMS.

60. (1) When the importer of a film or his authorized agent, or the proprietor or manager of any place desires to have a film certified for public exhibition he shall submit an application in writing to the President, Madras Board of Film Censors.

(3) Every such application shall contain the following particulars, namely :—

(a) the length of the film ;
(b) the name of the film ;
(c) the name of the person or company by whom the film was produced ;
(d) the name of the country in which the film was originally produced ;
(e) a statement whether the film has or has not been examined previously by any authority in British India constituted under section 7 of the Act and if so examined whether the film was or was not certified by the said authority as suitable for public exhibition ;
(f) the licensed place at which the applicant desires to produce and exhibit the film at his own cost before the Board for examination ; and
(g) the time most suitable to the applicant for such examination.

(3) Every such application shall be accompanied by the fee prescribed in this part.

61. On receipt of such application the President shall constitute a Board consisting of at least two members to examine the film within a period of seven working days.

62. In the event of the Board deciding that the film can be certified only after certain specified portions have been removed therefrom, the Board shall require the applicant to remove the portions objected to from the film and to send the excised portions to the President for destruction. The film shall thereupon be certified as suitable for public exhibition, the certificate issued being endorsed with a description of the portions required to be omitted.

63. If the Board decides that a film is not suitable for public exhibition, the President shall communicate such decision within three days thereof to the applicant.

64. All certificates granted by the Board shall be in Form B annexed to these rules and shall bear the signature of the President. The prescribed mark of the Board shall be a copy of the certificate which shall be affixed to the film certified.

No. 1078-T.V/7.—Whereas in the Railway Board's Notification No. 1078-T., dated the 9th March 1929, general rules were made for all railways in British India, administered by the Government and for the time being used for the public carriage of passengers, animals or goods ;

And whereas the said rules were adopted by the Companies administering the railways specified in the first column of the Schedule hereto annexed with the sanction of the Railway Board : except in the notifications specified in the corresponding entries of the second column thereof ;

And whereas in the Railway Board's Notification No. 1078-T.V, dated 7th September 1933, certain amendments were made in the said rules as made for railways administered by the Government ;

Now, therefore, in exercise of the powers conferred by sub-section (4) of section 47 of the Indian Railways Act, 1890 (IX of 1890) and by the Notification of the Government of India in the Department of Commerce and Industries No. 891, dated the 24th March 1926, the Railway Board hereby sanctions the making of the said amendments to the said rules as so adopted by the said Companies.

Fort St. George, November 24 1933
(G.O. No. 2660, P.H.).

No. 148.—Rule 3 of the rules for the registration of practitioners of Indian medicine approved in G.O No. 231, P.H., dated 1st February 1933, lays down that except with the special sanction of the Government, no one other than a practitioner of Indian medicine registered under those rules shall be competent to hold any appointment as medical officer in any institution of Indian medicine maintained or aided by the Government or a local body or both.

2. Under the system of registration instituted in G.O No. 231, P.H., dated 1st February 1933, there are two classes of registered practitioners of Indian medicine—

Class A.—Comprising practitioners whose qualifications denote at least a minimum standard of professional training for undertaking medical, surgical (including obstetrical) and medico-legal work; and

Class B.—Comprising practitioners whose qualifications denote at least a minimum standard of professional training for undertaking medical work only.

The Principal, Indian Medical School, recommends that in appointing medical officers to institutions of Indian medicine maintained or aided by the State or local bodies, applicants registered under class A should be preferred wherever available and that applicants under class B may be appointed in the above institutions only when practitioners under class A are not available.

The Government consider that there is at present no dearth of L.I.Ms., A.I.Ms., A.L.I.Ms., or other persons registrable under class A as the regulations of practitioners of Indian medicine. They therefore direct that in future, except with the special sanction of the Government, no one other than a practitioner of Indian medicine registered under class A should be appointed in institutions of Indian medicine maintained or aided by the Government or a local body or both.

3. Rule 3 of the rules for the registration of practitioners of Indian medicine approved in G.O No. 231, P.H., dated 1st February 1933, will be recast as follows:—

"3. Except with the special sanction of the Government, no one other than a practitioner of Indian medicine registered under these rules shall be competent to hold any appointment as medical officer in any institution of Indian medicine maintained or aided by the Government or a local body or both."

S. G. SENGODAYYAN,
Deputy Secretary to Government.

Candidates who use graph sheets should so place them in the answer book that if a graph may face the sheet on which the corresponding question is worked and there should be no working on the back of the graph sheets.

2. *Needlework.*—Candidates must bring to the examination hall sewing cotton, a couple of needles (darning and sewing), a pair of scissors, pins, a thimble, a ruler, measuring tape, a pen and red and blue pencils. They should not bring with them any paper patterns of garments. *Geography, Nature Study and History of India.*—A pencil, a rubber coloured crayons, a foot-rule and a pair of compasses. *Indian Music.*—For the practical examination, any one of the following instruments :—Tambura, Violin and Veena.

3. A copy of the nominal list will be posted at the entrance to the examination hall a day or two before the examination, and candidates will find their register numbers in the list.

Note.—Candidates will distinctly understand that no notice will be taken of any letters requesting to be informed of their register numbers, etc.

4. Attention is drawn to the following rules :—

(1) Strict silence should be maintained in the examination room.

(2) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(3) Candidates should take their places in the examination hall at least five minutes before the time fixed for giving out the papers. No one will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half an hour will not be admitted.

(4) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without finally giving up his answers.

No candidate will be allowed to exceed the time assigned to each paper.

(5) Any candidate detected in speaking to, or in any way communicating with any other candidate will be at once removed from the room and the circumstances reported to the Commissioner for Government Examinations, Madras.

(6) *No candidate will be allowed to take into the examination room slates, books, ruled sheets, manuscripts or papers of any kind.* Anyone detected in the violation of this rule or having recourse to any unfair practices will be removed from the room and the occurrence reported to the Commissioner for Government Examinations, Madras.

(7) Candidates are prohibited from noting down the answer to any question on the question paper itself.

(8) Any candidate who communicates with the examiners or who does not behave properly towards the Chief and Assistant Superintendents of the examination or is suspected of having had recourse to malpractice of any kind in connection with the examination or whose answer papers contain objectionable matter, is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations *under the control of the Commissioner for such term of years as the Commissioner may think fit*; or, *if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future day to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

All the candidates whose names are included in the nominal roll will be deemed to have given an undertaking that they will abide by all the rules now in force or those to be brought into effect hereafter in respect of the examination including the following :—No revaluation of answer papers is permissible.

(9) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents giving full particulars in regard to themselves, including their address, and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fees. The answer of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

(10) Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examination, so that any alteration with regard to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

(11) Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared, must not expect to have their answers valued. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

(12) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer-book. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(13) Any answer book sent up without the candidate's name, number and grade of examination affixed will not be valued. The answer-books should be fastened together at the left hand corner, the additional answer-

book being placed below the answer book. In the case of candidates the work of candidates should bear the name, number and grade of examination marked on the outside of parcel.

(14) Candidates will not be allowed to take any papers, except their question papers, out of the examination hall.

(15) Candidates may have to write their answers on both sides of the paper supplied to them and in this case they will receive the necessary instructions on this point at the examination hall from the Chief Superintendent of the examinations.

(16) Candidates are forbidden to tear up papers of to throw any of papers on the floor.

(17) No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or a regard to the particular section or allotment in which he may have failed. The names of successful candidates and of those who have failed in one or two subjects will be published in the *Fort St. George Gazette*. The pass list for each grade as published in the Gazette is complete and final.

Applications from unsuccessful candidates or from persons on their behalf asking for information as to the cause of failure or for a revaluation of their answer papers will not be attended to.

NOTICE OF CONDITIONS OF ISSUE OF FIXED FEE FOREIGN LIQUOR LICENCES.

No. 1.—The following notification is issued in supersession of Notification No. 2, dated 18th January 1933, published in the *Fort St. George Gazette*, Part II, dated 24th January 1933.

In exercise of the power conferred on him under section 4 (5) of the Madras Abkari Act, 1886, the Commissioner of Excise hereby prescribes, under section 24 of the Act, the following rules for regulating the issue of licences on fixed fees for the compounding, blending, bottling and sale of potable foreign liquors locally made 'foreign liquors' and coconut toddy arrack from and after the 1st April 1934 within the limits of the Madras Presidency :—

1. The term 'foreign liquor' in these rules includes all wines, spirits and beer imported into the Presidency by sea or land, plain rectified spirits imported or locally made and on which the tariff rate of duty has been paid; and beer brewed in India or beer imported in a condensed form and afterwards converted into potable beer and duly aerated, but excludes locally-made 'foreign' liquor, denatured spirits, coconut toddy arrack and ordinary arrack. In the case of licences to chemists, druggists and other approved firms or persons, however, for the sale of pure rectified spirits only, the term 'foreign liquor' means pure rectified spirits imported from foreign countries by sea or manufactured in this country and assessed at the tariff rate of duty.

"Locally-made 'foreign' liquor" is spirit manufactured or compounded in British India and made to colour and flavour to resemble gin, brandy, whisky or rum imported from foreign countries and includes 'mixed punch' and other liquor into the composition of which only such spirit enters. It is assessed at Rs. 21-14-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits.

'Coconut toddy arrack' is spirit manufactured from toddy at the Cheyyur distillery in Malabar and assessed at Rs. 21-14-0 per proof gallon; its sale is permitted in all foreign liquor shops except those licensed for the exclusive sale of beer, medicated wines and rectified spirits. The maximum limit of private possession is two imperial gallons.

Note.—(1) The minimum strengths at which imported and locally-made 'foreign' liquors may be sold are 25° U.P. for gin, 20° U.P. for Cognac brandy and coconut toddy arrack and 25° U.P. for all other kinds of spirits including Indian cereals, 2·5 O.P. denatured spirits.

(2) Holders of foreign liquor licences should not dispose of any liquor imported by them and cleared from the Custom House on payment of provisional duty before acquainting themselves with the true strength of the liquor and satisfying themselves that it is not below the minimum potable strength. If on test at the Controller's Laboratory it is found that any such liquor is below the minimum potable strength and has been sold, the excise rules will be rigidly enforced against such licensees.

(3) Holders of foreign liquor licences should send samples of liquors of foreign origin, imported by them from other provinces, for test in the Chemical Laboratory and should not sell them until the results of the test be made known.

(4) 'Rectified spirits' includes 'absolute alcohol.'

'Indian' beer is beer brewed in India (a) which contains at least two hundred of malt and two pounds of hops per hogshead and in the manufacture of which jaggery or crude cane sugar is employed, (b) which is brewed at a higher original gravity than 1.058° on a standard saccharometer and (c) the maximum price of which at the brewery is Rs. 40* per hogshead plus the excise duty in force at the time of issue.

2. Licences for the sale of foreign liquors, locally-made 'foreign' liquors and coconut toddy arrack shall be of the following descriptions :—

I. *F.L.-1. Wholesale licences for the sale of foreign liquor, locally made 'foreign' liquor and coconut toddy arrack, not to be drunk on the premises.*—These will be issued on an annual fee of Rs. 1,000 in Madras and Rs. 600 in other districts at the discretion of Collectors. Under these licences the sale of liquor in quantities less than two imperial gallons or a dozen reputed quart bottles or two dozen reputed pint bottles of each kind at a time is prohibited. The holders of this licence will have the privilege of issuing to licensed dealers, to recognised clubs and messes and to respectable private persons samples in quantities not exceeding one quart in the case of beer and one pint in the case of other liquors. These items of samples should be separately exhibited in the accounts. In Madras town, holders of this licence will not be allowed to sell 'Indian' beer. Holders of this licence are prohibited from selling coconut toddy arrack in bulk to private persons in Malabar district and are permitted to sell it to such persons only in bottles, sealed and labelled in accordance with the bottling rules (a).

II. *F.L.-2* and *F.L.-4. Retail licences for the sale of foreign liquor, locally-made 'foreign' liquor and coconut toddy arrack, not to be drunk on the premises* (a).—These will be of two kinds—one (F.L.-2) for the sale of all kinds of foreign liquor except 'Indian' beer and of locally-made 'foreign' liquor and vinegar toddy arrack and the other (F.L.-4) for the sale of beer brewed in India.

(a) † The former will be issued at the discretion of the Commissioner and Collectors on payment of an annual fee of Rs. 1,000 in the Nilgiris except Gudalur, Rs. 750 in the town of Madras and in Gudalur, Rs. 300 in towns having a population of 25,000 and over and in Kodaikanal, Yercaud, Cochin and Ambasamudram and Rs. 200 in the rest of the Presidency † Under

---

* The supply of Indian beer from Bangalore Brewery will be restricted to shops which have obtained beer from that brewery during 1932-33.

† Note.—In places where there are beer shops, holders of retail licences for the sale of all kinds of foreign liquor except Indian beer will be permitted to sell beer brewed in India on Excise principles only in bottles bottled at the brewery at which it was brewed.

(a) Holders of F.L.-1 and F.L.-2 licences may stock and sell rectified spirit provided (1) that separate accounts are kept for transactions under this head, (2) (a) no receptacles containing rectified spirits are labelled with labels showing the kind or description of spirit contained therein and the price of the manufacture, (3) that consignments of rectified spirits imported from other provinces are not opened before they are verified by an Excise Officer, (4) that accounts are maintained in the prescribed forms laid down in the case of consignments of rectified spirit obtained from other provinces in India, the source of supply, limits (and name of steamer, if received by sea) and such other particulars as may be prescribed. Rotation showing separately the consumption of imported and locally-made rectified spirit should be furnished,

these licences the sale of liquor in a quantity less than one reputed pint and greater than two imperial gallons in one transaction will be prohibited.

(b) Retail licences (F.L. 4) for the sale of beer brewed in India will be issued to successful bidders for beer shops on payment of an annual fee of Rs. 50.

III. *F.L. 3. Licences for the sale of brandy by chemists on the prescription of a qualified medical practitioner.*—These will be issued by Collectors on an annual fee of Rs. 5.

IV. *F.L.-7. Hotel licences for the supply of residents as hotels and boarding houses.*—These will be of two classes and subject to payment of an annual fee of Rs. 500 or Rs. 250 in Madras, of Rs. 100 or Rs. 50 on the Nilgiris, and of Rs. 50 or Rs. 25 in the rest of the Presidency, as may in each case be determined by the Collector. No liquor may be sold under these licences otherwise than to residents in hotels and boarding houses for their own use and that of their guests, or to casual visitors requiring liquor with the meal or meals supplied to them.

F.L.-8. In Madras a holder of a hotel licence desirous of setting up and maintaining in his hotel a bar or barroom, on payment of a monthly fee of Rs. 100 for a first-class bar or Rs. 50 for a second-class bar, be granted a separate licence to be called a bar licence. This will cover the sale of foreign liquor, locally-made 'foreign' liquor and coconut toddy arrack under the same conditions and to the same extent as the hotel licence.

In Madras, special bar licences will also be issued to others than holders of hotel licences with the previous sanction of the Commissioner. The fees in such cases will be fixed by the Commissioner and the licences will entitle the holders to sell to all comers.

V. *F.L.* 9 and *F.L.*-10 *Refreshment-room licences* will be of two classes—

(a) *F.L.-9. For refreshment-rooms maintained by, or under the supervision and control of, railway companies and proprietors or managers of lines of dak carriage for the supply on the premises of travellers by such railways or dak lines.*—The annual fee payable for each licence will be fixed by the Commissioner from time to time. Under these licences liquor may be sold to bona fide travellers, or to other persons served with regular meals in the rooms for consumption on the premises to any extent, provided that no more than one reputed quart of sparits or two reputed quarts of any other kind of liquor sold at the refreshment-room may be sold at one time to any such traveller for removal from the premises.

(b) *F.L. 10. For refreshment rooms in which the sale of liquor is ordinarily combined with the supply of meals to or of eatables prepared and served in the European manner.*—The annual fee will be Rs. 500 in Madras and Rs. 75 in the rest of the Presidency. It will at all times be optional with the Collector to withdraw licences of this description if it should appear that the sale of liquor to persons who have not partaken of meals in the refreshment-room is permitted to such an extent or so habitually that the refreshment-room may fairly be classed as a tavern. Sale of liquor for removal from the premises will not be allowed under these licences. The premises to be used for the sale of liquor under these licences must be at least of the monthly rentable value of Rs. 50 in Madras and in Cuttaramund and Coonoor Municipalities and of Rs. 25 in the rest of the Presidency.

VI. *F.L.-11. Occasional licences, such as licences for the sale of refreshment stalls on occasions such race meetings and public entertainments.*—These will be granted by Collectors at their discretion for periods not exceeding ten days at one time and at such fees not exceeding Rs. 100 on each occasion as they may determine. No removal of liquor from the premises will be allowed under these licences.

VII. *Special licences* will also be granted by Collectors in consultation with the officers of the Excise department when the circumstances are such as not to allow of the issue of licences of any of the above descriptions on such terms and conditions and for such periods as they may on each occasion determine.

VIII. *F.L.-12. Auctioneer's licences.*—Annual fee, Rs. 5. The following are important provisions of this licence:—

(a) Liberty to give sample bottles in respect of all consignments, whether trade consignments or the property of private persons, in order that intending purchasers may have the opportunity of testing high-class wines and spirits at their own houses before the auction sale.

(b) Authority to sell wines, sparits and beer in less quantities than whole dozens of each description in the case of sale by auction of the property of private parties or estates or of trade consignments which are unlarged or otherwise unmerchantable.

(c) Authority to sell by auction at places other than that specified in the licences, viz., at any private residence at which the licensee may hold an auction.

IX. *F.L.-13. Licences for the sale of pure rectified spirits.*—These will be issued to chemists and druggists and other firms or persons specially approved by Collectors, on payment of an annual fee of Rs. 10. Under these licences the possession of pure rectified sparits in excess of ten imperial gallons (or such larger quantity as the Collector may, in consultation with the officers of the Excise department, specially authorise) is prohibited. Pure rectified spirits must not be sold under these licences for other than bona fide medical, industrial and scientific purposes, and the maximum limit of sale at one time to the same person is restricted to one reputed pint in the case of sale to a private individual, two reputed quarts in the case of sale to a chemist, medical practitioner or scientific body and three imperial gallons to any Government, Local fund or Municipal hospital. Receptacles containing rectified spirits should be labelled with labels showing the kind or description of spirit contained therein and the place of manufacture; consignments of rectified spirit imported from other provinces should not be opened before they are verified by an Excise Officer. Accounts should be maintained in the prescribed form and must show in the case of consignments of rectified spirits obtained from other provinces in India, the source of supply, route (and name of steamer, if obtained by sea) and such other particulars as may be prescribed. Statistics showing separately the consumption of imported and locally-made rectified spirits should be furnished to Collectors.

X. *F.L.-17. Licences for the sale of medicated wines and similar preparations* containing 20 per cent and upwards but not more than 42 per cent of proof spirit will be issued by Collectors on payment of an annual fee of Rs. 10.

3. *F.L.-1. (a) Licences for compounding* — *and blending foreign liquors and locally-made 'foreign' liquors* will be granted to holders of wholesale licences by Collectors and licences for *compounding* to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 250.

4. *F.L.-1. (b) Licences for the bottling of foreign liquors, except beer brewed locally and of locally made 'foreign' liquor and coconut toddy arrack*, will be granted to holders of wholesale licences by Collectors and to licensed distillers by the Assistant Commissioner for Distilleries on payment of an annual fee of Rs. 50.

5. Any two or more of the above kinds of licences may be granted to the same person for the sale of liquor on the same premises.

6. No premises shall be used for the sale of liquor unless and until approved by the Collector.

7. All licences shall maintain and furnish to Collectors statistics showing separately the consumption of imported foreign liquors and locally-made sparits and beers and coconut toddy arrack.

8. All licences (other than occasional and special licences) will have effect for the official year, i.e., from the 1st April in each year until the 31st March of the following year.

9. The full fee on all fixed-fee foreign liquor licences shall be paid in advance at the time of issue of the licence.

10 For the convenience of the trade, Collectors will, as far as possible, receive and dispose of applications for licences under clause V (b) to have effect during the following official year before the tavern sales for that year. Licences for the sale of liquor in occasional refreshment-rooms should be very sparingly given.

11 All further information may be obtained and forms of licences may be procured at a charge of two annas each at the offices of Collectors.

E. BRITO,
Secretary to the Commissioner of Excise.

M. ANANDAN,
Superintendent, Agricultural Research Station
Adutural, 19th January 1934.

TENDER FOR CONSTRUCTING QUARTERS FOR THE DEPUTY INSPECTOR-GENERAL OF POLICE AT MADURA.

Tenders will be received from the registered contractors by the Superintending Engineer, Trichinopoly Circle, at his office at Trichinopoly up to 4 p.m. on 12th February 1934 for the work of constructing quarters with out-houses for the Deputy Inspector-General of Police, Southern Range at Madura. The tender should be in the prescribed form obtainable from the Executive Engineer, Ramnad Division at Madura, or from the Superintending Engineer's office, Trichinopoly.

2. Tenders must be submitted in sealed covers and should be addressed to the Superintending Engineer, Trichinopoly Circle, the name of the tenderer and the nature of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name and the name and address of each member of the firm shall be given. If the tender is made by a Corporation, it shall be signed by a duly authorised officer, who shall produce with his tender satisfactory evidence of his authorisation. Such tendering Corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay as earnest money, a sum of rupees 1,500 into the branch of the Imperial Bank of India or into the Government Treasury or sub-Treasury within the jurisdiction of the Executive Engineer concerned to the credit of revenue deposits on behalf of the Executive Engineer of the Ramnad Division at Madura and enclose with his tender the chalan endorsed accordingly. The earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorised by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be returned in the case of the unsuccessful tenderer and will not carry any interest. It will be dealt with as provided in this tender.

4 When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs. 1,500 in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 39 of the Standard Preliminary Specification of the Madras Detailed Standard Specifications will be returned as security for the due fulfilment of this contract. If a cash security deposit is made by the contractor, he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications and also the Standard Preliminary Specification contained therein and sign the Ramnad Divisional Office copy of the Madras Detailed Standard Specifications and its addenda volumes in token of such study before submitting his tender with rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 4 p.m. on office days at the office of the Superintending Engineer, Trichinopoly Circle, Trichinopoly.

A copy of the set of contract documents can also be had on payment of Rs. 15 for each set.

6 The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work and the tenderer shall quote his rates accordingly

7. Every tenderer is expected, before quoting his rates to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials is to be

obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant Standard Specification. Samples of materials as called for in the Standard Specifications, or in the tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract admit any extra charges for lead or for any other reason, in case the contractor is found later on to have navigated the materials available. Attention of the contractor is directed to the Standard "Preliminary Specification" regarding payment of salvingage, tolls, etc.

3. The tenderer's particular attention is drawn to the sections and clauses in the Standard "Preliminary Specification" dealing with—

(1) test, inspection and rejection of defective materials and work;
(2) carriage;
(3) construction plant;
(4) water and lighting;
(5) cleaning up during progress and for delivery;
(6) accidents;
(7) delays;
(8) particulars of payment; and
(9) boiling and shoring, if any.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

4. A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule and that this schedule is liable to alterations by omissions, deductions or additions at the discretion of the Executive Engineer, Karnul Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule and the rates should be in rupees, annas and in terms of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, as it rests in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. The schedule accompanying the lump sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in the lines will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be ascertained by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on contract items and amount).
Two months	25 per cent.
Four months	45 "
Six months	65 "
Eight months	100 "

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall tenderer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that queries must be received in order, and according to instructions.

15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

SCHEDULE.

(a) The quantities here given are those upon which the lump sum tender cost of the work is based, but they are subject to alteration, omission, deduction or addition as provided for in the conditions of the contract and do not necessarily show the actual quantities of work to be done. The units in the accompanying column are those for measurement as set forth in the Preliminary Specifications of the Madras Detailed Standard Specifications and other conditions or specifications of the contract.

(b) It is to be expressly understood that the measured work is to be taken net (notwithstanding any custom or practice to the contrary) and also in all cases in which the Standard Specifications call for the measurement of any work in a particular manner, no claim for allowance will be entertained unless the Executive Engineer or such other authority as may be duly empowered by Government or vested by the contract with the power, has given written orders for any such allowance.

(c) The rates quoted are for works in situ and complete in every respect.

H. O'BRIEN,
Superintending Engineer, Trichinopoly Circle.

Trichinopoly, 18th January 1934.

TENDER FOR THE WORK OF SUPPLYING AND ERECTING STEEL WORK REQUIRED FOR THE GIRDER BRIDGE OF 80 FEET SPAN OVER OTTIGEDDA AT M 19-1-108 FT OF ANNAVARAM-JADDANGI ROAD TO THANTIKONDA.

TENDERS will be received by the Executive Engineer, Godavari Northern Division, at his office at Dowlaiswaram, up to 6 p.m., on 1st March 1934, for the work of "supplying and erecting steel work required for the girder bridge of 80 feet span over Ottigeddu at M 19-1-108 ft. of Annavaram Jaddangi Road to Thantikonda."

The tender should be on the printed form obtainable from the Executive Engineer's Office.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Godavari Northern Division, Dowlaiswaram, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm who shall also sign his own name and the name and address of each member of the firm shall be given. If the tender is made by a company, it shall be signed by a duly authorised officer who shall produce with his tender, satisfactory evidence of his authorisation. Such other corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay, as earnest money, a sum of Rs 300 (three hundred) into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Miscellaneous Deposits on behalf of the Executive Engineer of the Godavari Northern Division and enclose with his tender the challan endorsed accordingly. The earnest money will be returned to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of five months from date of tender, whichever is earlier. The refund will be authorised by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in coin or currency notes by the Public Works Department Officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given the tenderer should sign his name in full with date, on the back of all the currency notes given by him, whatever their denominations may be.

The earnest money will be returned in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer, whose tender is under consideration, shall attend the Divisional Office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of Rs 200 (two hundred) in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the standard preliminary specification of the Madras Detailed Standard Specifications will be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. Failure to enter into the required agreement or to make the security deposits as defined in the paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely, the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the Divisional Office copy of the Madras Detailed Standard Specifications and its addenda volumes in token of such study before submitting his tender and rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 11 a.m. and 3 p.m. on office days, in the office of the Executive Engineer, Godavari Northern Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification." Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specification, or as in the tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun.

The Government will not, however, after acceptance of a contract rate pay any extra charge for lead or for any other account on the ground that the contractor is found later on to have misjudged the facts.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with:—

(1) test, inspection and rejection of defective materials and work;
(2) damages;
(3) construction of plant;
(4) water and lighting;
(5) clearing up during progress and for delivery;
(6) accidents;
(7) delays; and
(8) particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9. A schedule of quantities should accompany his tender. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations, by omissions, deductions, or additions at the discretion of the Executive Engineer, Godavari Northern Division, as set forth in the conditions of contract. The tenderer will, however, base his lump sum tender on the schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or corrections of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

11. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12. The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor:—

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount).
Three months	75 per cent.
Six months	100 per cent (to be completed in all respects).

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the Division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

15. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16. The tenderer's particular attention is drawn to specification Nos. 97, and 124 given on pages 420, 430 and 505 to 509 of the M.D.S.S. and its addenda. He shall submit his tender complying with those specifications in particular and based on the standard design and details given on drawing P.T. Nos. 74, 75 and 84 of the M.D.S.S. addenda volume.

17. The location of the bridge and further particulars are furnished below :—

(a) Name of bridge—Ottigedda bridge.

(b) Location—The nearest railway station is Samalkot. Madras Southern Mahratta Railway. The approximate distance from the road by station to site is 1½ miles by road and 3½ miles by cart-track.

(c) Nature of work.—Supply and delivery, fabrication and erection at site. The tender therefor shall be on the basis of a lump sum for completed operations.

(d) Design.—Vide clause 16 above.

(e) Dimensions—

(1) Clear span 80 feet.

(2) Span centre to centre of bearings 84 feet centre to centre.

(3) Clear width of roadway between wheel guards 18 feet.

(4) Width of abutments 8'.

(5) Length of abutments 28'.

Plan of superstructure of the bridge can be had from the Executive Engineer by intending tenderers.

(f) Load tests, if any and nature of same—For inspection and test—Vide the preliminary specification on file in M.D.S.S.

(g) The approximate date by which the superstructure (i.e.) the abutments will be ready for erection of steel work—By the end of June 1934.

TENDER FOR WORKS IN THE VARIOUS DELTA SECTIONS IN KISTNA WESTERN DIVISION FOR THE YEAR 1934-35.

Tenders under piece-work system for labour will be received by the Executive Engineer, Kistna Western Division, at his office at Bezwada up to 4 p.m. on 20th February 1934 for works in the various delta sections in Kistna Western Division for 1934-35.

Tenders should be in the prescribed form obtainable from the Executive Engineer's Office. Name of the section for which the tender is submitted should be specified. Separate tenders should be sent for each delta section. Tenders received after 4 p.m. will be returned to the parties direct.

2. Tenders should be submitted in sealed covers and should be submitted to the Executive Engineer, Kistna Western Division, the name of the tenderer and the name of the section being noted on the cover.

If the tender is made by an individual, it should be signed with his full name and his address should be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm who shall also sign his own name and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender satisfactory evidence of his authorization. Such tendering corporation may be required before the contract is executed to furnish evidence of its corporate existence.

3. Each tenderer must pay an earnest money a sum of Rs 100 (Rupees one hundred only) for each section work for which the tender is submitted in the branch of the Imperial Bank of India or into a Government Treasury or Sub-Treasury within the jurisdiction of the Executive Engineer, Kistna Western Division, to the credit of "Deposits and Advances" on behalf of the Executive Engineer, Kistna Western Division and enclose with his tender the challan evidencing such remittance. This earnest money will be refunded to the unsuccessful tenderer on application after intimation of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by a suitable endorsement on the challan. The earnest money will not be accepted in cash or currency notes by the Public Works Department Officer save in exceptional cases, where there are no treasuries or Banks within the jurisdiction of the officer calling for tenders. Where currency notes are given in the tender should give the number in full with date on the back of all the currency notes given by him, whatever their denominations may be. The earnest money will be returned in the case of the unsuccessful tenderer, and it will not carry any interest. It will be dealt with as provided in clause 2 of the piece work formal agreement.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by the written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender, sign an agreement in the proper departmental form for the due fulfilment of the contract. Failure to enter into the required agreement shall entail forfeiture of the earnest money.

5. Other conditions of contract and the contract documents can be seen at any time between 11 a.m. and 3 p.m. on office days in the office of the Executive Engineer, Kistna Western Division, Bezwada, from where blank forms of tenders can also be obtained.

6. The rates and the units for the rates should be written both in words and figures. The tender shall be written legibly and free from erasures, over-writings or corrections of figures. Correction where unavoidable should be made by crossing out, initialing, dating and re-writing.

7. Tenders offering a percentage deduction from or increase on estimate or Public Works Department current schedule rates which are not open for inspection by tenderers and those not submitted in proper form or in due form will be rejected. Rates for items not called for should not be included in the tender. No alterations which are made by the tenderer in the contract form will be recognized and if any such alterations are made, the tender will be void.

8. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on the contractor's behalf.

9. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reasons therefor.

Note.—The Department shall, at his own cost—

(i) provide rods, stakes, ropes and lateral required for setting out the work;

(ii) arrange for protecting work during inclement weather;

(iii) carry off all water required for the work and clear it; and

(iv) clean away all dirt, rubbish, and refuse materials and debris as they accumulate.
